ROLAND DZOAGBE

IT Infrastructure & Identity Access Leader

Entra ID · Okta · Microsoft 365 · Intune · Azure · ITIL · ServiceNow

rolanddzoagbe@gmail.com · +33 7 82 88 46 46 · Bondy, Île-de-France, France · linkedin.com/in/r-dz · rdzoagbe.github.io/Portfolio.RDzoagbe

PROFESSIONAL SUMMARY

IT infrastructure and identity leader with 6+ years running secure, multi-site IT for international organizations, including the Paris 2024 Olympic & Paralympic Games. Led a six-person N1–N3 team for a 600-user, 24/7 broadcast operation. Hands-on expertise in identity and access (Entra ID with PIM and Conditional Access, Okta, Google Workspace), Microsoft 365, Intune and ITIL service management, with vendor and budget ownership. Bilingual English/French.

SKILLS

Infrastructure & Cloud: Microsoft 365, Azure, Entra ID (Governance, PIM, Conditional Access), Intune, Autopilot, Jamf, SCCM, Windows Server, VMware, Hyper-V

Security, Identity & Compliance: Identity & privileged access (Entra ID, Okta): just-in-time elevation (PIM), Conditional Access, MFA, access reviews; Microsoft Defender, firewall policies, security hardening, GDPR, BCP/DRP, audit & access governance

Service Management: ITIL, ITSM (ServiceNow), SLA / KPI / GTR-GTI, incident · problem · change management, dashboards & executive reporting

Leadership & Delivery: N1–N3 team management, vendor & budget management, crisis management, stakeholder alignment, documentation & upskilling

Identity, Endpoints & Automation: Okta, Google Admin, IAM, endpoint lifecycle (Windows/macOS/Linux), PowerShell, Bash, generative AI tooling (AI-assisted development & automation)

PROFESSIONAL EXPERIENCE

Independent Projects — Product Design & Delivery

January 2026 – Present

Independent · *Personal projects, AI-assisted development · Actively seeking a permanent role · Île-de-France*

- **StackLens** (stacklens.fr) — SaaS governance for European SMBs: application inventory, licence tracking, access mapping, wasted seats and ex-employees with active access, offboarding workflows and audit readiness; GDPR-native, EU-hosted.
- **Ahenora** (iOS, Android, web) — family-organisation app published on the App Store and Google Play: tasks, calendar, chores, meals and school paperwork in one shared private space; AI document scanning, secure vault, 4 languages.
- Continuous learning: AZ-104 administrator curriculum (Alison) and ITIL 4 Foundation training.

Infrastructure & Support Manager

March 2025 – December 2025

Host Broadcast Services (HBS) · *International broadcast operations · 600+ users · 6-person N1–N3 team (incl. 2 interns) · Mission-critical 24/7*

Environment: Entra ID (PIM, Conditional Access, MFA) · Intune · Autopilot · Defender for Endpoint · Windows Server · Firewalls · PowerShell

- Owned site-level IT infrastructure across international broadcast sites, ensuring business continuity, security compliance and executive stakeholder alignment.
- Led and restructured the N1–N3 support function, overhauling incident and change management: 80% MTTR reduction and marked SLA improvement.
- Deployed enterprise security across multi-site environments — Defender for Endpoint, MFA, Conditional Access, firewall policies — and applied PIM for temporary privilege elevation; automated recurring tasks with PowerShell.
- Coordinated critical incidents and crisis management (rapid containment, multi-level communication, resolution tracking); kept BCP/DRP procedures in continuous readiness.
- Delivered infrastructure evolution — network modernization, Windows Server upgrades, Autopilot/Intune — for 30% faster provisioning and standardized rollouts.
- Built executive dashboards and reporting to optimize budgets and enable data-driven decisions; maintained documentation and knowledge base.

IT Manager — Paris 2024

March 2024 – March 2025

The iLUKA Collective · *Olympic & Paralympic engagement · 250+ users · Multi-site, mission-critical · Paris*

Environment: Eventim ticketing · CRM · Access control · GDPR access governance · SLA and GTR/GTI reporting

- Led end-to-end IT operations for the Paris 2024 Olympic & Paralympic Games as single point of contact for every department across multiple event sites.
- Designed and operated the IT infrastructure for 250+ users; owned the business-application stack (Eventim ticketing, CRM, access control, reporting workflows).
- Ensured GDPR access governance, audit traceability and security compliance in mission-critical event operations.
- Tracked contractual commitments (SLA, GTR/GTI) and produced dashboards and executive reporting for client and leadership.

• Coordinated vendors, suppliers and event platforms; managed IT budget and procurement.

Corporate IT Lead
May 2023 – October 2023

AKUR8 (InsurTech SaaS) · *Transition mission · 50+ international users · High-growth SaaS*

Environment: Okta · Google Workspace (Google Admin) · SaaS administration · ITIL change management

- Led IT operations and business-application environments in a fast-scaling, GDPR-compliant SaaS company.
- Administered IAM (Okta, Google Admin) — users, groups, rights and SaaS access for 50+ international users.
- Managed IT budget, purchasing and vendor/contractor relationships with cost optimization; handled escalations and software-upgrade coordination under ITIL change management.
- Collaborated with the security team on corporate IT standards; drove documentation, process improvement and staff development.

IT Manager
July 2022 – March 2023

Zenly (Snap Inc. Group) · *180+ international users · Scale-up · Ended with Snap Inc. Paris office closure*

Environment: Okta · Google Workspace · Jamf · Windows · macOS · Linux · JIRA · Slack · WiFi and switching

- Managed end-to-end IT infrastructure and end-user support for 180+ international employees across Windows, macOS and Linux.
- Administered Okta and Google Admin (onboarding/offboarding, users, groups); ran JIRA ticketing and Slack collaboration.
- Reduced SaaS licensing costs by 15% through access audits; improved documentation, processes and DRP readiness.
- Installed and supervised infrastructure equipment (servers, WiFi, switches); coordinated vendors; troubleshot and escalated network incidents with daily reporting.

Technical Support Analyst
June 2021 – July 2022

Dechert LLP · *International law firm (Paris, Luxembourg, Brussels) · GDPR-regulated*

Environment: ServiceNow · Active Directory · Windows Server · Citrix Workspace · AirWatch · Azure MDM · Cisco

- Delivered multi-country IT support via ServiceNow, maintaining 99%+ SLA compliance in a regulated environment.
- Administered Active Directory, Windows Server and Citrix Workspace; managed the mobile fleet (AirWatch, Azure MDM).
- Configured Cisco meeting rooms (Teams, Skype, conferencing); handled network troubleshooting (HTTP, DNS, TCP/IP); documented interventions with weekly reporting.

Desktop Support Technician
April 2021 – May 2021

The American University of Paris · *~200 users · Tier 1/2*

- Installed and configured workstations, software and equipment (telephony, video-conferencing, network); maintained the Mac estate (Jamf) and mobile fleet (iOS/Android).
- Provided N1/N2 support for 200 users; managed Active Directory accounts; diagnosed and resolved system, network and equipment incidents; produced technical documentation.

Onsite IT Support Technician
April 2020 – April 2021

Artemys · *Client missions: DBV Technologies, OPCO Santé · ~200 users · 2 sites · Tier 2/3*

Environment: Microsoft 365 · Azure AD · Google Workspace · Cisco switches · GLPI · Veeam · Ivanti LANDesk

- Provided N2/N3 support for ~200 users; administered Microsoft 365 (Azure admin, licences, groups) and Google Workspace.
- Migrated workstations to Windows 10 with Ivanti LANDesk; configured and patched Cisco switches — 25% improvement in network availability.
- Managed GLPI ticketing, Veeam backup and endpoint inventory/enrolment; set up Lifesize video-conferencing rooms; documented procedures.

IT Operations & Logistics Assistant (N1/N2 support)
February 2019 – April 2020

Cabinet Alain Bensoussan Avocats · *~200 users · Permanent contract*

- First IT role: installed and configured workstations, software, phones and video-conferencing; managed Active Directory accounts; N1/N2 support for 200 users; iOS/Android fleet; peripherals, routers and switches; technical documentation and deployment procedures.

EARLIER CAREER — HEALTHCARE

Healthcare (multiple facilities) — Healthcare Assistant & Self-Taught IT · March 2009 – February 2017. Internal medicine, surgery, aftercare & rehabilitation. Built the adaptability, composure under pressure and service orientation behind my IT operations career; self-taught IT in parallel (OS installs, hardware, custom builds, troubleshooting) — the foundation of a deliberate move into IT.

CERTIFICATIONS

ITIL 4 Foundation — training completed, official exam scheduled · Microsoft Azure Administrator — Alison, AZ-104 curriculum (2026) · Cybersecurity — Google / Coursera (2024) · Introduction to Cybersecurity — Cisco (2023). Accreditation: Paris 2024 Olympic & Paralympic Games — access to secured event sites after administrative security screening.

EDUCATION & LANGUAGES

Education: 3W Academy — Computer Software & Media Applications (2017) · High School Diploma — Ghana. Languages: English & French (bilingual).
