SUMMARY

Senior IT Manager with **10+ years** of experience in IT infrastructure, cybersecurity, and operational leadership, including **7+ years of direct team management** (N1–N3 tiers, teams of up to 6 including 2 interns). Recognized expertise across the Microsoft 365, Azure, Entra ID ecosystem (Governance, Conditional Access, PIM), Intune, Defender, ITIL service governance, contract management (SLA, KPI, GTR/GTI), and executive reporting. Operational lead for the **Paris 2024 Olympic Games** (600+ users, mission-critical 24/7 environment). Solid command of client relationship management, GDPR/BCP/DRP compliance, and PowerShell/Bash automation.

EXPERIENCE

Host Broadcast Services (HBS) — Infrastructure & Support Manager

Apr 2025 – Dec 2025

Multi-site international scope · 600+ users · 6-person N1–N3 team (incl. 2 interns) · Mission-critical 24/7 operations

- ITIL multi-tier management (N1–N3, 6-person team incl. 2 interns) with full restructuring of incident and change management processes: **80% MTTR reduction** and significant improvement in SLA compliance.
- Enterprise security deployment: Microsoft Defender for Endpoint, MFA, Conditional Access, firewall policies across multi-site environments. Applied PIM procedures for temporary privilege elevation. Automated recurring tasks via PowerShell.
- Critical incident coordination and crisis management: rapid containment, multi-level communication, and resolution tracking. Maintained BCP/DRP procedures in continuous operational readiness.
- Infrastructure projects: network modernization, Windows Server upgrades, Autopilot/Intune deployments — **30% faster provisioning**.
- Designed executive performance dashboards and reporting to optimize budgets and enable data-driven decision making.
- Shared IT documentation (procedures, knowledge base) ensuring operational continuity and team upskilling.

The iLUKA Collective — Infrastructure & Delivery Manager — Paris 2024 Olympic Games

Mar 2024 – Mar 2025

Olympic & Paralympic event engagement · 250+ users · Mission-critical multi-site operations

- Operational leadership across multiple international sites: contractual commitments tracking (SLA, GTR/GTI), performance dashboards and executive reporting for both client and leadership.
- GDPR access governance, audit traceability, and security compliance on mission-critical event operations (250+ users).
- Vendor, supplier, and event platform coordination (Eventim ticketing): configuration, user training, access control, reporting workflows.
- IT budget management, procurement, and executive reporting to leadership.

AKUR8 — Group IT Manager

May 2023 – Oct 2023

Transition mission · 50+ international users · High-growth SaaS environment

- Led IT operations in a GDPR-compliant SaaS environment. IAM administration (Okta, Google Admin) for 50+ international users.
- IT budget oversight, procurement, and vendor management with cost optimization.
- Escalation management and software upgrade coordination following ITIL change management processes.

Zenly (Snap Inc. Group) — IT Manager

Jul 2022 – Mar 2023

Engagement ended following the Paris office closure by Snap Inc. · 180+ users · Scale-up

- IT infrastructure and end-user support management for 180+ international employees across Windows, macOS, and Linux.
- SaaS and IAM solutions administration (Okta, Google Admin), resource and cost optimization.
- **15% reduction in SaaS license costs** through access audits. Improvements to documentation, processes, and DRP readiness.

Dechert LLP — Technical Support Analyst

Jun 2021 – Jul 2022

International Law Firm (Paris, Luxembourg, Brussels)

- Multi-country IT support via ServiceNow in a GDPR environment, with **SLA compliance above 99%**.
- Active Directory, Windows Server, and Citrix Workspace administration.
- Mobile device fleet management (AirWatch, Azure MDM) and Cisco meeting room configuration.

Artemys Paris — IT Technician / IT Supervisor

Feb 2018 – Feb 2021

Clients: DBV Technologies, OPCO Santé · 200+ users · 2 client sites · Tier 2/3 support

- N2/N3 support and administration of Microsoft 365, Azure, and Google Workspace environments.

- Windows Server and workstation migration projects. Cisco switch configuration — **25% improvement in network availability.**
- Onboarding/offboarding process optimization and IT documentation reinforcement.

Cabinet Alain Bensoussan — N1/N2 Support Technician

Feb 2017 – Jan 2018

- Active Directory administration, IT and mobile device fleet management for 200 users.

EDUCATION

3W Academy — Computer Software & Media Applications (2017) · **High School Diploma** — Ghana

LICENSES & CERTIFICATIONS

ITIL 4 Foundation — training completed, official exam scheduled · **Microsoft Azure Administrator** — Alison, AZ-104 curriculum (2026) · **Cybersecurity** — Google / Coursera (2024) · **Introduction to Cybersecurity** — Cisco (2023)

Accreditation: Paris 2024 Olympic & Paralympic Games — access to secured event sites after administrative security screening.
